WELCOME

Welcome on board

Thank you for choosing to fly with us today, it's our pleasure to welcome you on board.

As we look back on 2023, we are proud to have welcomed almost 400,000 customers our services; connecting the Channel Islands with over 9,000 flights. It is also important that we play our part in supporting our community. Our flight funding programme provides travel support to selected individuals, charities and groups, enabling islanders to realise their potential – which may not be possible without this support of off-island travel. We also helped over 60 people in Guernsey and Jersey conquer a fear of flying, enabling islanders to fully enjoy the opportunities that travel brings.

For 2024, we look forward to continuing to provide our high-frequency connectivity for Channel Islanders, as well as welcoming visitors to our beautiful islands on our core network which expands in the summer to include our seasonal routes. Our seats are available up to 12 months in advance and we recommend booking early for our widest choice of flights at our lowest fares, which include 23kg hold luggage as standard.

We are also proud to be the chosen partner of leading European tour operators to fly their guests from Germany, The Netherlands and Switzerland for week-long holidays in Jersey and Guernsey, and delighted to be able to play our part in supporting this vital element of the visitor economy.

As well as great value fares, as a Blue Islands customer you also have access to our exclusive products and offers. These include up to 15% off Europcar, anytime return train fares from Southampton Airport to London Waterloo at only £36, and our new eSIM product to avoid data charges and stay connected wherever you are. See all our offers at blueislands.com/offers

Finally, the emissions from this flight have been balanced as we continue to partner with Durrell's Rewild Carbon programme – see the latest numbers [here](#); thank you for choosing to fly with us today and we hope to welcome you on board again soon.

Best wishes,

Rob

FREEDOM TO FLY

Enjoy travel again in '24

Travel is an essential part of island life. Yet we know that many are affected by an anxiety or fear of flying, which has a very real impact on the ability of those to connect with family and friends, take that business trip or enjoy a new holiday experience.

We'd like to help. Bringing together classroom sessions with our training pilots, a behavioural change coach and putting the learnings into action in an experience flight our previous Freedom to Fly courses have changed the lives of previous attendees. What's more, our courses are complimentary.

“

Thank you so much to the whole team at Blue Islands. It was a truly amazing experience and you have made a difference to so many peoples lives.

TRACY

“

I would like to take this opportunity to express my gratitude to you for giving me the confidence to fly today! The course has changed my life.
